

After 50 years of experience in the production of door profiles, FCM Gamba expands its range by introducing CoverWall: two lines of decorative interior wall coverings designed to bring personality and elegance to any space.

High-quality materials

Wide range of finishes

Designed for every environment

Customization for large-scale projects

CoverWall LINEE

CoverWall DOGHE

LINEE | CORTEN

Two collections, endless possibilities

CoverWall

LINEE

LINEE | OAK

LINEE | FRIULI OAK

WARMTH, DESIGN, REFINEMENT

Both the vertical **Linee** and the horizontal **Doghe**, thanks to the alternation of shapes and the invisible joint system, transform simple walls into refined surfaces with a strong character.
